Lying About the City and Some of the Reasons Why They Remain Unimproved.

Fied Up in the Courts and Eaten Up With Back Taxes - Numerous Instances Cited.

One of the reasons why so much vacant property about the city remains unim-proved is said to be that it is involved in awsuits and tied up in the courts. Large amounts of back taxes are due on it or else it belongs to minor beirs and cannot be touched. When seked yesterday why it was that there were so few cottages to rent when the demand was so great, a leading real estate man replied that in the first place the call had never been so large as now, and in the second place that at least half the unim proved property within the city limits it A NUMBER OF INSTANCES

The Noos property, on Madison street, which sold not long since to J. S. Day for \$10,500, had been delinguint for years, and the taxes on it footed up, at the time of the purchase, to \$19,000. The County Court reduced the taxes to the amount of the purchase money, which it went to I quidate. THE AYRES BLOCK

sold for \$40,000, and the taxes on it were sold for \$40,000, and the taxes on it were mearly \$25,000. Nearly the entire amount paid by Mr. Napoleon Hill for the site of his present residence went to pay back taxes. On a piece of property on the south side of Madison street nearly \$1000 are dur, and the have been pending for years show enormous amounts of taxes which have rapidly, accu-mulated year after year until when the time comes to settle they will be found to be no equal in value to them. One of the main causes which pile up back taxes is said to have been the working of law which provides that when a piece o property is taken in charge by the State and

county agent the revenues in the shape of rents that may be derived from it shall be applied to the payment of the taxes for the year for which they are first delinquent without reference to current taxes. is easy to see. He added that he retained

taxes with the rents except when specially equested to do so.

A visit to the clerk's office of the Chancery Court showed the bills piled up to a dis-heartening extent. Most of them were against a number of persons in widely sep arated portions of the city, and one was no

DELINQUEST FOR THIRTY YEARS Justice Guloway, to speaking of the mat-ter, said he knew the County Court had been terribly abused and risiculed for reducing sesesaments, but he thought there were man reasons why it should be done. Ladies

Do you want a pure, blooming Complexion? If so, a few applications of Hagan's MAGNOLIA BALM will gratify you to your heart's con-tent. It does away with Sal-lowness, Redness, Pimples, Blotches, and all diseases and imperfections of the skin. It overcomes the flushed appearance of heat, fatigue and excitement. It makes a lady of THIRTY appear but TWEN-TY; and so natural, gradual, and perfect are its effects, that it is impossible to detect its application.

"Has been more destructive to human heafth and life than war, pestilence and famine combined." So said a distinguished writer many years ago, and it is as true today as then. The poor victim of Blood Discase is drugged with Mercury to cue the malady, and then dosed with lodides to cure him of the Mercurial Poisoning; but instead of any relief, the first breaks down his general health and makes him a cripple, and the other ruins his digestive organs. To those afflicted in this way Swift's Specific is the greatest boon on earth, and is worth more than its weight in gold. It antidotes this Mercurial Poison, tones up the system, and brings the sufferer back to health and happiness. Every tenson who has ever been sailvated should by all means take a thorough course of this remedy.
